

BULLETIN BOARD INFORMATION

MoALPHA has six discussion Bulletin Boards for use by MoALPHA Members:

- Administrators
- PH Nurses
- Billers
- Environmental
- IT Board
- HealthierMO

Please review MoALPHA Policies below for specific information on using the Bulletin Boards. You will receive a notice as new boards become available. Administrators **MUST** approve application of any non-Administrator to have access to the Administrator Board. Any interested LPHA staff person may have access to any of the other boards.

New Administrators should apply for access to the Administrators Board and any other Boards you wish to access. If you or any of your staff are not part of any Boards please go to <http://www.moalpha.org/>, click on Member Log In in upper right corner, then click on “New Bulletin Board Applicants, Gain Access Here”, and complete the registration form, checking appropriate bulletin board(s) and submit for approval. If you or any staff already have access to one or more Bulletin Boards, please e-mail Diane Weber at moalpha2004@yahoo.com to request access to additional Boards.

MoALPHA Bulletin Board Policies

Administrators Bulletin Board (adopted 4/25/17, REV 4-9-18):

Due to the sensitive nature of potential topics of discussion, the Administrators Bulletin Board use shall be restricted to Administrators, Assistant Administrators, and Directors. All non-Administrators must be approved by the Administrator to have access to the Administrators’ Bulletin Board. If access is requested by an individual without the Administrator’s approval, access will be denied until Administrator approval is received. All postings and responses shall be professional in nature.

Topic Specific Bulletin Boards (adoped 4/25/17, REV 4-9-18):

The Topic Specific Bulletin Boards shall be open for use by anyone approved by the Administrator who is responsible for, involved in, or interested in the specific topics/issues related to that particular Bulletin Board, such as public health nursing, environmental health, WIC, etc. If there are enough individuals interested in a topic/issue, a Bulletin Board may be established and approved individuals will have access to that Bulletin Board. All postings and responses shall be professional in nature.
